FEATURED VARIETY ACTS THIS VOYAGE

THE COMEDY AND HYPNOSIS OF DALE K

Hollywood's fabricated theory of hypnosis usually involves lightning bolts, zombie-like trances and humans clucking like chickens. During his performances, Dale challenges these theories proving that hypnosis is simply the power of suggestion that consists of mind motivation - rather than mind control. Using his creative abilities and abstract sense of humor, Dale K produces hypnosis events that are professional, unconventional and always hilarious.

THE PHYSICAL COMEDY OF BRONKAR LEE

Bronkar Lee's performance career began the day he was born. He uses a combination skills he has developed over the years; vocal percussion (musical skills), non-verbal gestures (physical theater skills), and audience interaction (front man skills). By combining these elements he created a character known as "The Rhythmic Conductor".

THE SCIENCE AND MAGIC OF FREDDY FUSION

Part author, inventor, speaker, performer, and TV personality, Freddy Fusion is quickly becoming a dominant force in the science community. Envisioning the current trends and enhancing the enrichment of children at an early age has been the focus of Freddy Fusion's "Outreach Program" into schools nationwide. Turning the impossible into the possible, breaking down the unexplainable into a format kids are able to download, absorb and understand.

THE PHYSICAL COMEDY OF MAX WINFREY

"Fasten your seat belts and get ready for the outrageous Physical Comedy of Max Winfrey. His unique style of combining stunts and improvisational comedy has landed him numerous appearances on national television, most recently as a semi-finalist on America's Got Talent. Earlier this year, Max shattered the Guinness World Record for endurance juggling with full sized axes. Young and old alike will enjoy this unpredictable show that is filled with crazy audience participation.
